We have successfully addressed and resolved these accessibility violations. This reflects our commitment to creating a more inclusive digital environment. We believe that accessibility is a journey, not a destination, and we are steadfast in our efforts to enhance and expand our support continuously.

We invite our customers and users to join us with these efforts. If you encounter any additional accessibility issues, please do not hesitate to contact us at accessibility@validity.id. Your feedback is essential. Together, we can ensure that our services remain accessible and navigable for everyone, fostering an inclusive experience where all users feel valued and empowered.
